DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I invention in Paper No. 7 is acknowledged.
2. This application contains claims directed to the following patentably distinct species of the claimed invention: species I, claims 1-10;
Species II, claim 11;
Species III, claim 12-16;
Species IV, claims 17-18;
Species V, claims 19-23;
Species VI, claim 24;
Species VII, claim 25;
Species VIII, claims 26-27;
Species IX, claims 28-32;
Species X, claims 33-34;
Species XI, claim 35-36;
Species XII, claims 37-50;
Species XII, claim 51;
Species XIII, 52-55;
Species XIV, claim 56;
Species XV, claims 57-62;
Species XVI, claims 63-64;

Art Unit: 2823

Species XVII, claims 65-66;

Species XVIII, claim 67;

Species XIX, claims 68-69;

Species XX, claim 70;

Species XXI, claims 71-72;

Species XXII, claims 73-74;

Species XXIII, claims 75-76;

Species XXIV, claims 77-83;

Species XXV, claims 84-90.

3. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, species XII is generic.

4. Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

5. Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Art Unit: 2823

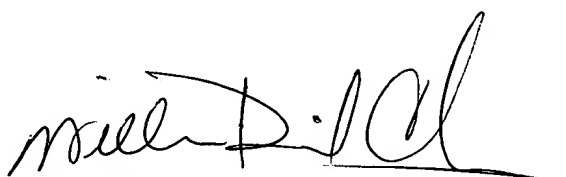

6. Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.
